SUMMARY

I am a proficient software developer specializing in full-stack development, with strong skills in JavaScript and expertise in modern web technologies. I hold a Meta Developer certification. During my internship at Cinnamon PH, I gained valuable experience integrating frontend and backend systems. My technical knowledge includes Sass, JavaScript, React, Node.js, Express, and SQL/NoSQL. Additionally, I bring a diverse professional background in social work, bookkeeping, and community engagement, and am fluent in English, with conversational skills in Tagalog and Bisaya

WORK EXPERIENCE

- Web Developer, @Revson**

Sep 2024 - Nov 2024

 - Made sure websites work well on all devices and browsers.
 - Used Git for version control and worked with designers and backend developers, joining daily meetings and code reviews to learn and help with projects.
- Front-end Developer, @Cinnamon ph**

Mar 2024 - Jun 2024

 - Ensuring responsiveness and accessibility across various devices and browsers
 - I learned to optimize web page performance through techniques such as lazy loading and code splitting, improving both load times and user experience
 - I actively used Git for version control and worked closely with designers, back-end developers, and other stakeholders, participating in daily stand-ups and code reviews to enhance my skills and contribute effectively to projects
- Junior Web Developer Apprentice, @Sr. Software Engr. Dexter Echalico**

Aug 2023 – Jan 2024

 - Creating and styling components based on designs provided by UI/UX designers. This involves using HTML, CSS, and JavaScript (or frameworks/libraries like React)
 - Ensuring that web pages and components are responsive, adapting to various screen sizes and devices
 - Using Git to manage code changes, create branches, and collaborate with other team members. This includes committing changes, pushing to repositories, and handling merge conflicts
- Bookkeeper Architectural field, @Evpieza Studio**

Jan 2022 – Oct 2022

 - Documenting income from various projects, consulting fees, and other sources.
 - Preparing balance sheets, income statements, and cash flow statements to provide a clear picture of the firm's financial health
- Patrolman 1, @PNP (Philippine National Police)**

Oct 2020 – Oct 2021

 - Building strong relationships with community members through outreach programs, dialogues, and partnerships to foster trust and cooperation
 - Assists in disaster preparedness, response, and recovery efforts. This includes search and rescue operations and providing aid during natural disasters like typhoons, earthquakes, and floods
