SUMMARY

I am a proficient software engineer specializing in full-stack development, with strong skills in JavaScript and expertise in modern web technologies. I hold a Meta Developer certification. During my internship at Cinnamon PH, I gained valuable experience integrating frontend and backend systems. My technical knowledge includes Sass, JavaScript, React, Node.js, Express, and SQL/NoSQL. Additionally, I bring a diverse professional background in social work, bookkeeping, and community engagement, and am fluent in English, with conversational skills in Tagalog and Bisaya

WORK EXPERIENCE

Web Developer, @Revson   Sep 2024 - Nov 2024

- Made sure websites work well on all devices and browsers.
- Used Git for version control and worked with designers and backend developers, joining daily meetings and code reviews to learn and help with projects.

Front-end Developer, @Cinnamon ph   Mar 2024 - Jun 2024

- Ensuring responsiveness and accessibility across various devices and browsers
- I learned to optimize web page performance through techniques such as lazy loading and code splitting, improving both load times and user experience
- I actively used Git for version control and worked closely with designers, back-end developers, and other stakeholders, participating in daily stand-ups and code reviews to enhance my skills and contribute effectively to projects

Junior Web Developer Apprentice, @Sr. Software Engr. Dexter Echalico   Aug 2023 – Jan 2024

- Creating and styling components based on designs provided by UI/UX designers. This involves using HTML, CSS, and JavaScript (or frameworks/libraries like React)
- Ensuring that web pages and components are responsive, adapting to various screen sizes and devices
- Using Git to manage code changes, create branches, and collaborate with other team members. This includes committing changes, pushing to repositories, and handling merge conflicts

Bookkeeper Architectural field, @Evpieza Studio   Jan 2022 – Oct 2022

- Documenting income from various projects, consulting fees, and other sources.
- Preparing balance sheets, income statements, and cash flow statements to provide a clear picture of the firm's financial health

Patrolman 1, @PNP (Philippine National Police)   Oct 2020 – Oct 2021

- Building strong relationships with community members through outreach programs, dialogues, and partnerships to foster trust and cooperation
- Assists in disaster preparedness, response, and recovery efforts. This includes search and rescue operations and providing aid during natural disasters like typhoons, earthquakes, and floods

Holy Cross of Davao College Inc.
- Major in Social Work

Bachelor of Science in Information Technology   **June 2011 - Nov 2013**

Holy Cross of Davao College Inc.
- Major in Information Technology
- Relevant Coursework: Programming

CERTIFICATIONS

Frontend Engr.   **Feb 2024 - Apr 2024**

Coursera
- Programming with
- JavaScript
- Version Control
- HTML and CSS in depth/ Sass
- React Basics
- Advanced React
- Principles of UX/UI Design

Backend Engr.   **Nov 2024 -Dec 2024**

Udemy
- Node.js
- Express
- MongDb
- Mongoose
- SQL

Software Development and Design Thinking   **Mar 2025 - Mar 2025**

Dept. of Information and Communication Technology
- Essential Methodologies
- Integrating Design Thinking

PROJECTS

- **Shopping Cart:** Built with JavaScript and NodeJS
- **Real Estate web-application:** Built with React and Tailwind

ACTIVITIES

PHILIPPINE ASSOCIATION IN SOCIAL WORK INC.   **Jan 2017 - Present**

Member of Events
- Promotes a dynamic and transformative professional organization towards total human development

FREELIFE COMMUNITY   **June 2014 - Present**

Committee Member
- A vibrant and inclusive network that fosters connections among individuals who value spiritual, freedom, creativity, and personal growth

ADDITIONAL INFORMATION

- **Technical Skills:** Proficiency in specific JavaScript programming language, Experience with frameworks, libraries, or tools like React.js and Node.js, and knowledge of databases like SQL and NoSQL
- **Languages:** Fluent in English; Conversational Proficiency in Tagalog, Bisaya
- **Interest in:** Tech Innovation, Chess, Nature & Martial Arts
